Welcome To E3 ACP

When it's time to give your design a new dimension, E3 Panels offer the flexibility and character you need. Aluminium Composite Panel (ACP) is considered to be one of the most durable, decorative surface materials available and boasts enhanced performance properties. It is produced by sandwiching layers of aluminum foil and LDPE and fusing them together under intense heat and pressure. The resulting product is strong, waterproof & available in a diverse range of decors to create a contemporary cost effective rainscreen facade.

A versatile product, E3 Aluminium Composite Panels (ACP) is designed with superior Anti-Fade and Anti-Scratch Technology. You can also, add some shine to your next project, from our extensive range design & finishes to choose from with enduring dedication to quality.

"As our name suggests E3 is Elegant, Everlasting & Economical."

THICKNESS	STANDARD SHEET SIZE	
3mm, 4mm, 6mm	2440mm x 1220mm	3050mm x 1220mm
	3660mm x 1220mm	2440mm x 1525mm

HPL

HPL is the ultimate alternative to wood and marble, especially for building exteriors. Its exceptional durability and resistance to chemicals, fire, and water make it a reliable choice for all weather conditions.

E3's **Metal-Based HPL** takes innovation to the next level. Its substantial 6mm thickness makes it perfect for exteriors and entry gates. Its **90-degree** bendability and metal core offer unmatched strength and longevity, outlasting any paper-based material in the market.

Built to endure India's harshest climates, our Metal-Based HPL comes with a **12-year warranty**, guaranteeing superior performance. No wonder it's gaining popularity across industries for its style, strength, and sustainability!

Features

Some striking characteristics of E3 Aluminium Composite Panels

 Waterproof	 Easy to Install	 Durability	 Termite Proof	 UV Resistant	 Light Weight
 Anti-Scratch Technology	 Swelling or Shrinkage Free	 Environment Friendly	 Wide Range of Colours & Patterns	 Easy to Clean	 90° Bendable

Variants

Timeless 	Pebbles 	Italian Stone 	Sparkle/Mirror/Brush 
Anti-Scratch 	Timber Wood 	Sand Series 	
Gloss 	High Gloss 	Pastels / Metallic 	

Composition

We are there where you are!!

E3 is a industry leader with borderless availability. Connected through a strong network of professionals who strive to provide quality services & solutions, E3 makes the availability of the architectural products simple yet accessible for all. In a short span of time, we spread across the length and breadth of the nation.

Applications

OUTDOOR CLADDING	ATTIC CLADDING	RAFTERS
GATE ELEVATION	LOUVERS	CEILING
BALCONY CLADDING	CANOPY	FENCES
WALL CLADDING	PERGOLA	RAILING

E3

FIRE

GUARD ACP

With the dynamic environment in our upcoming estate, fire retardant material is a basic requirement that one should follow. Fire insurance has been a dominant focal point over the rising number of rational consumers across the globe.

With the onset of global warming and climate change, utilising certified FR grade material is a must for the well-being of the Fire Rated Construction System.

To this, E3 presents THE FIRE GUARD ACP, a one-stop solution for FR grade wall panels.
